## PORTFOLIO & CERITFICATIONS

- linkedin.com/in/onumajnr
- bit.ly/-Certifications-

## PROFESSIONAL SUMMARY

Self-motivated Computer Engineer and tech enthusiast with a strong foundation in front-end development and network systems. Proven ability to deliver user-friendly web experiences and resolve technical issues efficiently. Passionate about continuous learning and contributing to impactful digital solutions.

## TECHNICAL SKILLS:

- JavaScript, React, Tailwind CSS, Bootstrap, HTML, CSS
- Git & GitHub, API Integration, Network Troubleshooting, Excel Data Analysis

## SOFT SKILLS:

- Problem-solving
- Time Management
- Communication
- Attention to Detail

## PROFESSIONAL EXPERIENCE

**Transmission Engineer** | Huawei                    03/2025 - 05/2025

- Collected and analyzed packet loss data across multiple transmission links to identify performance issues.
- Developed and maintained a comprehensive database to track packet loss incidents, affected sites, times tamps, and resolution status.
- Performed end-to-end trace routes and diagnostic tests on site routers to pinpoint root causes of transmission anomalies.
- Authored detailed technical reports summarizing findings, root causes, corrective actions, and recommendations to enhance long-term network stability.

**Frontend Developer** | TechCrush                    09/2024 - 01/2025

- Delivered high-quality code by adhering to established coding standards and performing thorough unit testing prior to deployment.

- Stayed up-to-date with emerging technologies and programming languages, applying new knowledge to stay ahead in a rapidly evolving industry.
- Worked with developers to identify and remove software bugs.
- Participated actively in code review sessions, offering constructive feedback to peers to ensure optimal performance of software applications.

**IT Support Specialist |** Gregory University                    11/2021 - 04/2022

- Enhanced system performance by conducting regular software and hardware updates.
- Diagnosed and repaired hardware malfunctions, ensuring optimal computer functionality.
- Performed routine maintenance on computer systems, ensuring optimal performance and extending the life of equipment.
- Performed installation, maintenance and repair for complex internal computer hardware and various software applications.

**IT Support Specialist |** FF Computers                    04/2018 - 06/2018

- Tested and installed motherboards, processors, and graphics cards on desktops and laptops for corporate staff.
- Explained technical information in clear terms to non-technical individuals to promote better understanding.
- Monitored systems in operation and quickly troubleshot errors.
- Assisted customers with technical support inquiries.

## EDUCATION

- Abia State University, Abia State                    09/2022
  **Bachelor of Engineering**: Computer Engineering

- Premier International Secondary School, Abia State                    06/2017
  **National Examination Council (NECO)**

- Cornerstone Academy, Abia State                    10/2011
  **First School Leaving Certificate (FSLC)**

## PROFESSIONAL CERTIFICATIONS

- **Frontend Web Development,** ALX Africa                    04/2025

- **Frontend Web Development,** CWW Tech Africa                    11/2024

- **Professional Foundation,** ALX Africa                    09/2024

- **Certificate of Membership**, The Nigerian Society of Engineers                    09/2021

- **Occupational Safety and Health Supervisor**,
  OSHAssociation UK- Nigeria                    09/2021

- **HSE Competence Development Training (Level 2)**,
  Institute of Safety Professionals of Nigeria (ISPON)                    09/2019
